## About us

We are a leading British manufacturing company in the field of dental soft tissue lasers and teeth bleaching/whitening as well other OEM dental & medical products, based in the UK with dealers worldwide.

We are Intertek ISO 13485:2016 certified, R&D manufacturing company with over 25 years of experience in the market with CE Medical Directive and FDA laser certifications. Our laser and whitening products are made in the UK.

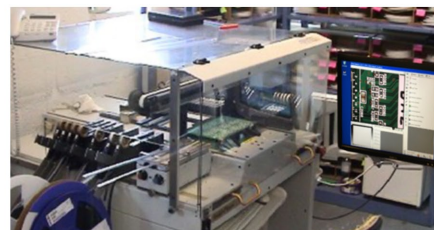

We pride ourselves on delivering innovative products in the dental and medical industry both with our brand name and OEM products.

All our products are vetted for quality and certification. Our laser training is backed by the BILD laser academy training hands-on programme.

Our team of professionals will discuss your individual needs, and provide phone support at any time, as well as provide publicity material to help promote your latest technology within your surgery.

Our service does not end once a sale is made. Our after-sales service includes a state of the art repair and maintenance facility with factory trained technicians. We will ensure that your investment is maintained to the original manufacturer's specifications so that your equipment gives many years of reliable service

We have the BILD Academy (British Institute of Laser Dentistry) through which we offer professional laser training.

QuickLase manufacturing facilities

Dental trade shows and seminars

The British Institute of Laser Dentistry – BILD Academy – is a new non-profit organisation setup to offer hands on laser courses for dentists. Courses are provided in the UK and Internationally taught in English by renowned specialist dentists.

Visit [www.bildentistry.com](http://www.bildentistry.com) for further information.

## 5w *dentaLase* Single wavelength 810nm - Product Code QWLASER5

Affordable, profitable diamond cut diode laser. It pays to advertise the fact that you offer laser treatment. Replaces three instruments in the vast majority of cases: the scalpel and the electrosurgery unit as well as retraction cord. Used by dentists including Orthodontists, Periodontists, Endodontists, Implantologists and Hygienists.

- All-in-one handpiece: Soft tissue lasing, Whitening, Therapy LLLT
- 5w 810nm power diamond cut
- Affordable, profitable, word of mouth
- 3.5" colour coded touch screen
- Built in 20 pre-set procedures with 6 languages
- Built in fibre optic caddy
- Small enough to fit in a briefcase
- Weighs just 1.6 kg
- 100% EMC protection with aluminum light steel case

### Comes complete with

- 3m fibre cable
- 2 safety glasses & 1 for patient
- Fibre cable stripper
- Fibre cable ruby cleaver
- Autoclavable all-in-one hand piece
- Whitening & Therapy prisms
- 25 disposable guiding tips
- Foot pedal
- Power charger & lead
- DVD/USB
- Laser caution label
- Setup instruction procedure
- Manual & online training printouts
- Laser training certificate
- Marketing posters and patient leaflets
- Special carrying laser case

### Specification

**Size** w:16cm h:13cm d:16cm

**Weight** 1.6kg

**Medium** GaAlAs Laser Diode Class IV

**Wavelength** 810 +/- 10 nm (nanometres)

**Output Power** 0.1-5w at the fibre tip

**Operation** Continuous wave or pulsed at 10, 20, 50Hz & adjustable

**Pulse Width** 50ms, 30ms, 10ms & custom

**Fibre Optic** FC 200-400um single file multi-mode

**Aiming Beam** 650 nm red Diode laser  
2 mW max - adjustable

**Sterilization** Handpiece

**Input Power** AC: 100 to 240v, 1A 47-63Hz DC: 5.1v 6A

### Associated consumables

- Fibre cable 200-400um single file multi-mode
- Disposable plastic tips - qty of 25 tips per bag
- Aluminium hand piece / foot pedal / glasses
- QuickWhite in-surgery
- Home whitening
- BioStimulation Therapy / Bleaching Handpiece
- Protective hand held Shield

## 12w DUAL *dentaLase* Dual wavelength 810+980nm - Product Code QWLASER12D-4"

The 12w DUAL lasers are our most powerful laser systems - 3-in-1 lasers: 810nm, 980nm or combined. The *dentaLase* 12w Dual laser comes with 810nm and 980nm wavelengths at the same time for ultimate power cutting, ultimate coagulation and sterilisation. It comes with pre-set 50/50 and adjustable wavelengths.

- All-in-one handpiece: Soft tissue lasing, Whitening, Therapy LLLT
- 12w DUAL 810nm + 980nm simultaneous power
- Affordable, profitable, word of mouth
- 4" colour touch screen
- Built in 20 pre-set procedures with 6 languages
- Built in fibre optic caddy
- Small enough to fit in a briefcase
- Weighs just 1.6 kg
- 100% EMC protection with aluminum light steel case

### Comes complete with

- 3m fibre cable
- 2 safety glasses & 1 for patient
- Fibre cable stripper
- Fibre cable ruby cleaver
- Autoclavable all-in-one hand piece
- Whitening & Therapy prisms
- 25 disposable guiding tips
- Foot pedal
- Power charger & lead
- DVD/USB
- Laser caution label
- Setup instruction procedure
- Manual & online training printouts
- Laser training certificate
- Marketing posters and patient leaflets
- Special carrying laser case

### Specification

**Size** w:16cm h:13cm d:16cm

**Weight** 1.6kg

**Medium** GaAlAs Laser Diode Class IV

**Wavelength** 810 and 980 +/- 10 nm (nanometres)

**Output Power** 0.1-12w at the fibre tip

**Operation** Continuous wave or pulsed at 10, 20, 50Hz & adjustable 20,000Hz

**Pulse Width** 50ms, 30ms, 10ms & custom

**Fibre Optic** FC 200-400um single file multi-mode

**Aiming Beam** 650 nm red Diode laser  
2 mW max - adjustable

**Sterilization** Handpiece

**Input Power** AC: 100 to 240v, 1A 47-63Hz DC: 5v 10A

### Associated consumables

- Fibre cable 200-400um single file multi-mode
